Hi Julia –

Please see attached the QAPP for EPA's upcoming Pre-CERCLIS Screening in Spanish Village. We would appreciate it if you could share this with your folks at MDNR and MDHSS (to date, the technical team here at EPA has been working with Ryan Seabaugh and Branden Doster from MDNR and Jonathan Garoutte and Keith Henke from MDHSS). Also, please advise whether your team would be available for a conference call on Wednesday the 21st to discuss any comments the state has regarding the QAPP.

Regards,

Alyse
